Market Technical Outlook

Nifty opened lower traded with extreme choppiness but finally closed in red. On the daily chart, we are witnessing two bear candle which has closed below the 200-day SMA (16936) which is sign of weakness. In coming trading session if Nifty for first hour trades below 16133 level then it may test 16090 - 16050 levels. On the upside, 16350 – 16450 levels may act as resistance for the day.

We still continue to maintain or stance that prices are trading below the 200-days SMA (16936), one needs to adopt cautious approach at current level.
