Market Technical Outlook

Nifty opened down with a gap and traded with negative bias throughout the day to close in red. On the daily chart, the down gap area which is in the of 16651 to 16484 is likely to act as resistance for the prices. In coming trading session if Nifty for first hour trades below 16340 level then it may test 16250 – 16170 levels. On the upside, 16500–16651 levels may act as resistance for the day.

Broadly, on the daily chart prices are making a lower top lower bottom formation. Hence, we are of the opinion one needs to adopt cautious approach at current level.
