Market Technical Outlook

Nifty, opened higher but was unable to sustain the opening gains and selling in the latter half of the session drag nifty to close in red. On the daily chart, we are observing that prices tested downward gap area in the range of 17573 to 17451 and witness selling pressure. Further prices have convincingly close below the rising 200-day SMA (17441). This suggests weakness going ahead. In coming trading session if nifty trades below 17100 level then it may test the demand zone of 17000 – 16900 levels. On the upside, 17250 – 17320 levels may act as support for the day. **Since, prices have close convincingly below the rising 200-days SMA (17441), one needs to adopt cautious approach at current level.**
