Source: BSE

Nifty, opened up with a gap traded with choppiness in a narrow range to close in green. We maintain our stance that the upward gap area of 17328 to 17434 is likely to act as support for the prices. In coming trading session if Nifty trades above 17560 level then it may test 17630 - 17710 levels. On the downside, 17400— 17300levels may act as support for the day.

We maintain our stance that the momentum indicator viz. RSI is gaining momentum. Hence, momentum on the upside is likely to continue. Hence, one should adopt positive approach at current level.
