### Market Technical Outlook

Nifty opened lower traded with choppiness and finally close in red. On the daily chart we are observing that prices have closed below the 200-days SMA (16987). This reflects that the sentiments in the market are negative. In coming trading session if nifty for first hour trades below 16800 level then it may test 16750 – 16650 levels. On the upside, 16950 - 17050 levels may act as resistance for the day.

**Since, the prices have closed below the 200-days SMA(16987), one needs to adopt cautious approach at current level.**
