Nifty opened up with a gap and traded in a narrow range with positive bias to close in green. On the daily chart, we are observing an upward gap area in the range of 17112 – 17161.Normally, upward gap area act as support for the prices. In coming trading session if Nifty for first hour trades above 17250 levels then it may test 17350 - 17420 levels. On the downside, 17150– 17080 levels may act as support for the day. At present looking at the current price action it is evident that one needs to adopt cautiously positive approach at current level.
