Revenue increased to INR 1,711 Mn, up by 0.5% QoQ and down by 1.8% YoY. EBITDA stood at INR 207 Mn, up from INR 200 Mn and INR 302 Mn in Q2FY24 and in Q3FY23 respectively. EBITDA margin stood at 12%, as against 17% in Q3FY23 and flat on QoQ basis. PAT for the quarter was INR 117 Mn, compared to INR 115 Mn and INR 193 Mn in Q2FY24 and Q3FY23 respectively. Revenue from global customers is 68% and 32% from domestic.

Investment Rationale

Strengthening partnerships: The company has been enhancing its partnerships with large IT service firms and global consulting firms to serve customers jointly, leading to a significant inflow of new customers, including several marquee global names. With a richer client mix and a more elaborate track record built over the last two to three years, the company is reemphasizing its direct channels for sales and marketing to comprehensively add new businesses in the current year.

Strong renewal record with major clients: The company successfully renewed contracts with key clients, including a major global FMCG company since 2018, adding \$1 Mn in revenue by expanding to additional U.S. manufacturing sites, reaching a total of \$3 Mn annually. Additionally, a \$2.7 Mn renewal with a leading American home appliance brand for 2024 and a \$1.8 Mn continuation of a ten-year relationship with a fast-food chain, providing IT support to 4,700 outlets across 48 states, were secured. In addition to renewals, the company secured a \$2 million increase in net new business from existing clients.

New business and order wins: The company was chosen as the Master System Integrator for the Ayodhya Smart City project, tasked with integrating CCTV Surveillance cameras, marking a significant achievement. Furthermore, they acquired a new banking client on the East Coast of the U.S., securing a three-year contract to provide end-user transformation services. In addition, they experienced expansion in the cybersecurity sector, gaining new clients in Q3. Their expertise was further recognized by being selected by the city of Normal in Illinois as a partner master system integrator for multiple projects, demonstrating proficiency across various domains.

Progress in Smart City projects: Significant advancements have been made in various smart city projects, including Lucknow, Solapur, Amritsar, Jalandhar, Sultanpur, and Ayodhya. The Lucknow project is nearing completion and expected to launch in Q4, while Solapur is at 95% completion, foreseeing revenue generation. Additionally, Amritsar's launch is planned for Q4, with Jalandhar potentially extending to Q1FY25. Further, anticipated closures of new projects initiated in the past year indicate positive momentum in project execution and revenue generation.

Outlook and Valuation: The company is anticipating a short-term margin improvement of 100-150 bps from Q4, the company reiterates its goal to achieve INR 10 Bn in revenue within the next 2 to 3 years. The strategic focus remains on expanding partnerships and engaging in Smart City Projects. **At the CMP of INR 152, ADSL is trading at an EPS of 17.6 for FY26E, with a PE of 13.0x for FY26E . We arrive at target price of INR 229 with a Buy rating on the stock.**

Q3FY24 Concall highlights

Deals: Secured \$2.7M contract with an American home appliance brand, renewed a decade-long partnership with a restaurant chain (\$1.8M contract), and achieved a \$2M increase in net new business from existing clients. Added East Coast Bank as a customer for 3-year end-user transformation services. Focused on strengthening partnerships with major IT service firms and global consulting companies for customer acquisition.

Smart City: They won a prestigious award for the IOTA Smart City project. The company is placing strong emphasis on smart city projects, with unique elements contributing to future growth. Ongoing Projects in Lucknow, Solapur, Amritsar, Jalandhar, and Sultanpur; Focus on SAS Platform for Mid-sized Banks and BFSI Segment Solutions.

Geography: Positive outlook for IT business traction in the US, growing interest in Europe and APAC; strong cash flow from successful government projects in India; focus on sales and marketing to tap into new business opportunities in the upcoming year.

Gen AI: Focused on changing the growth trajectory by targeting new client opportunities; significant investments in updating company and employee skillsets, incorporating AI and generative AI.

Deal closure delays: Market environment and decision-making sluggishness impacted sales.

Customer Focus: IT and consulting firms, corporate sector; pipeline delays with verbal confirmations awaiting formal contracts.

Data centres strategy: The Company's strategy is not to build its own data centre but to leverage existing ones through Opex-intensive models.
