Market Technical Outlook

Nifty opened lower traded with volatility but finally manage to close unchanged. On the daily chart, we are observing that prices have close marginally below 50 - days SMA (22305). In coming trading session if nifty holds 22350 first hour, then it may test 22400 – 22500 levels. On the downside, 22200 – 22100 levels may act as support for the day.

Since, prices have closed below rising 50 days SMA (22305), one needs to adopt cautious approach at current level.
